Quilt block trails across our nation have grown since 2001 when it originated in Adams County, Ohio. Since then driving or walking trails, displaying colorful quilt patterns painted on barns and buildings, have sprung up throughout most of our United States and have enhanced the love of country, heritage, art and family.

In 2016, the Western NC Quilt Guild partnered with the Henderson County Tourism Development Authority in sponsoring a trail of graphic blocks placed on barns, historic buildings and private establishments. Thanks go to the businesses and private owners who have funded blocks for the Henderson County Quilt Block Trail as a means to preserve our heritage and promote beautiful art throughout the county.
